

PRIMETERMINAL ASSET MANAGER EDITION

[CONTACT US](#) ⓘ

The essential package designed to help asset managers make more informed business decisions

Asset Managers require a comprehensive suite of data, news and analytics to identify opportunities and make sound investment decisions. PrimeTerminal, a customisable financial terminal from Interactive Data, provides access to a wide range of premium financial information, news and powerful analytical tools. The cost-effective, quick-to-deploy solution is used by financial professionals around the globe.

Specifically tailored to the needs of investment management companies, PrimeTerminal provides asset managers / investment professionals with key content and functionality that can efficiently support daily workflows – either desktop based or on the go via a mobile device.

Additional content for asset managers

In addition to PrimeTerminal Professional's broad range of global streaming, historical and fundamental financial market data, the Asset Manager edition offers:

Price and fundamental data packages

- **Stocks:** S&P Compustat company balance sheets and profiles
- **Stocks:** Factset consensus analyst estimates/recommendations
- **Bonds:** Terms & Conditions, Interactive Data's end of day evaluated prices
- **Bonds:** Moody's bonds ratings
- **Funds:** Funds prospectus from Interactive Data, Morningstar Europe database, global ETFs
- **Cross Asset:** Interactive Data's IDS View, providing a comprehensive and intuitive web based view access to global securities data, including terms & conditions, pricing, reference data and corporate actions

News and event data packages

- Premium news package such as Dow Jones European Premium Investment News
- Dow Jones Calendar Live event data (calendar of economic events)
- Precise Planning event data (company and market events, company specific or calendar)
- Global Insight macroeconomic indicators incl. history
- Interactive Data's Corporate Actions Service

KEY BENEFITS

PrimeTerminal helps asset managers to streamline essential processes and supports client-focussed investment strategies through:

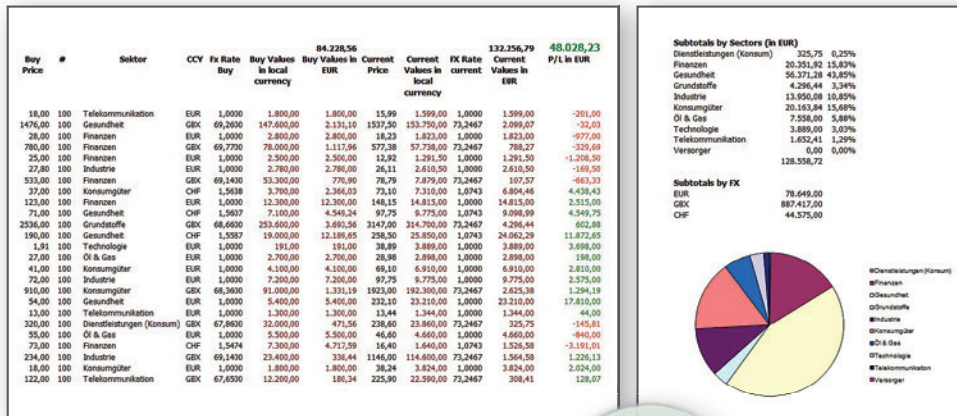

- In-depth fundamental and reference data coverage for stocks, bonds, funds and retail derivatives, allowing in depth data analysis
- Market moving news, event and economic data packages that facilitate investment decisions
- A portfolio tool with mobile access facilitating user-friendly position editing, enabling the import of portfolios from your mid and back office systems to help evaluate them in real-time
- Importing financial instrument universes via file import and mapping any identifier/exchange combination for display in PrimeTerminal
- Displaying 1000 instruments simultaneously in real-time with an intraday history of 20 trading days and a daily/weekly/monthly history for up to 20 years
- Accessing PrimeTerminal Mobile via your iOS and Android devices to stay tuned to the markets
