## Managing Pages

The default pages set up in eSignal include a series of preset windows specially designed for eSignal Pro® users.

### ■ To select one of the preset pages:

1. Select Page from the main menu.
2. Select the page you wish to view from the list of pages at the bottom of the menu.

### ■ To create a custom page:

1. Select **Page > New Page** from the menu. A blank page will appear.
2. Select **File > New** from the main menu, and select the window type you wish to place on your page.
3. Move the window to the desired spot on the page.
4. Continue to select **File > New** and each window type until you've selected all the windows for your page.
5. Select **Page > Save Page**, name your page, and select Save.
6. The page is now saved, and you can retrieve it by following the instructions described above under "To select one of the preset pages".
